

## Vampires (The Social Workshop) (Party Games)

Description Vampires: The Night Cycle The Social Workshop There are many races that walk under the banner of the paranormal, yet none more frightening than the undead vampires. Together, they could own the world, both day and night, but they remain fractured, isolated, too stuck in the old ways. The old world has collided with the new world and now two distinct factions of vampires fight for control of all they survey. Will it be the old world vampires that make the new world submit in defeat? Or will the new world prove that newer evolutions on an old model will always come out on top? Suggested Number of Players: 6 - 18 Playing Time: 30 Minutes
