

Echohawk

Echohawk was a little boy when he was taken from his white family and adopted into a Mohican tribe. For years Echohawk has been speaking and thinking in the Mohican language. He enjoys hunting with his adoptive father Glickihigan and younger brother Bamaineo. Yet as time passes, Glickihigan thinks an English education will help his sons in the changing world and sends them to be schooled by white people. Its then that Echohawks earliest memories return. Soon the time will come for him to choose between the world of the Mohicans and the world he came from long ago.
