

Down Among the Dead Men (Forest Kingdom series Book 3)

In a fort on the edge of civilization, an ancient evil has awoken. Ten years after the Demon War, the wounds of the Forest Kingdom are finally beginning to heal. Deep in the Darkwood, on the border between two long-feuding territories, a fort has been erected to keep the peace. But a month ago, the soldiers inside stopped speaking to the outside world. Have they come under attack, or is something more sinister at work? Led by the adventure-hungry warrior Duncan MacNeil, a party of Rangers is sent to investigate. With a witch, a swordsman, and a powerful eight-fingered woman at his side, MacNeil steps into the deserted fort and discovers a massacre. The gory scene suggests that the soldiers turned on one other, but the witch has an alternate theory. Beneath this newly built fort, she senses an ancient evil, a power older than the Kingdom itself, about to trap them in the dark.
