Excerpt from Letters From Percy Bysshe Shelley to Thomas Jefferson Hogg, Vol. 1: With Notes by W. M. Rossetti and H. Buxton Forman He mentioned my name, as a supporter of sceptical principles. My father wrote to me, and I am now surrounded, environed, by dangers, to which compared the devils who besieged St. Anthony were all inefficient. They attack me for my detestable principles; I am reckoned an outcast; yet I defy them, and laugh at their ineffectual efforts. Stockdale will no longer do for me. Stockdales skull is very thick, but I am afraid that he will not believe my assertion; indeed, should it gain credit with him, should he accept the offer of publication, there exist numbers who will find out, or imagine, a real tendency; and booksellers possess more power than we are aware of in impeding the sale of any book containing opinions displeasing to them.
