

Mastering Chemistry for Chemistry: A Molecular Approach, 2nd Edition

Pearson eText gives students access to the text whenever and wherever they can access the Internet. The eText pages look exactly like the printed text, and include powerful interactive and customization functions. This does not include the actual bound book. Used by over a million science students, the Mastering platform is the most effective and widely used online tutorial, homework, and assessment system for the sciences. This is the product access code card for MasteringChemistry and does not include the actual bound book. This innovative text explains difficult concepts in a relevant, student-oriented manner. Chemistry is presented visually through multi-level imagesmacroscopic, molecular and symbolic representationshelping you see the connections among the formulas (symbolic), the world around you (macroscopic), and the atoms and molecules that make up the world (molecular). Among other revisions, the Second Edition offers a crisp new design, adds more challenging problems, and significantly revises coverage of electrochemistry.
