

CHEMISTRY MOLECULAR APPROACH&MAST S/ACC PKG

Designed specifically to make chemistry more understandable to students, this innovative text explains difficult concepts in a reader-friendly manner. Chemistry: A Molecular Approach presents general chemistry visually, through multi-level images macroscopic, molecular and symbolic representation to help you see the connections among the formulas (symbolic), the world around them (macroscopic), and the atoms and molecules that make up the world (molecular). Among other revisions, the Second Edition offers a crisp new design, adds more challenging problems, and significantly revises coverage of electrochemistry. Used by over a million science students, the Mastering platform is the most effective and widely used online tutorial, homework, and assessment system for the sciences. Pearson eText gives students access to the text whenever and wherever they can access the Internet. The eText pages look exactly like the printed text, and include powerful interactive and customization functions. Package contains: Tro, Chemistry: A Molecular Approach, Second Edition Mastering Chemistry with Pearson eText Student Access Kit
