

Bible Study Workbook for Kids #2

This is a 4 week Bible Study workbook designed to promote the desire in your child to study Gods Word. Each week your child will have the opportunity to memorize a scripture. Within each week, your child will practice their memory verse, read a portion of Scripture and answer some guided questions (these questions are those I use with my son to get him to think about what he has read), draw a picture of what they read, and prayer time with a small prayer journal entry. While I have laid this out for your child to complete (as mine does with his book), I really want to encourage you to work through this with your child to help them grow in their faith.
