

Children's Encyclopedia of Handicraft

Children's Encyclopedia of Handicraft is a content-rich and creative hand-made book which is close to children's daily life. The book contains colorful images, detailed manufacturing steps and accurate translation. On the basis of different levels of difficulty, the book is divided into easy, medium, difficult at three levels. On the basis of properties of works, the book is divided into game, action, utility class and decoration at four categories. Each work of the book is marked with difficulty level and necessary time, so that children can use imagination and handling ability as much as they want according to their own preference. This is an excellent children's handicraft book.
