ALERT: Before you purchase, check with your instructor or review your course syllabus to ensure that you select the correct ISBN. Several versions of Pearson's MyLab & Mastering products exist for each title, including customized versions for individual schools, and registrations are not transferable. In addition, you may need a CourseID, provided by your instructor, to register for and use Pearson's MyLab & Mastering products. Packages Access codes for Pearson's MyLab & Mastering products may not be included when purchasing or renting from companies other than Pearson; check with the seller before completing your purchase. Kathleen McWhorter wrote *College Reading and Study Skills*, primarily, for courses that are half reading, half study skills. Emphasizing comprehension and metacognition, *College Reading and Study Skills* approaches reading and study skills as essential skills necessary for college success. The text focuses on reading and learning as a cognitive process, encouraging students to approach reading as an active mental process of selecting, processing, and organizing information to be learned. 0321888383/9780321888389 College Reading and Study Skills Plus NEW MyReadingLab with eText -- Access
