

## The Seventh Horse: Shader Origins

For centuries, no one had heard a peep out of Verusia, the dark stain at the heart of the Templums empire. But when a messenger arrives in the Holy City of Aeterna, bearing news that the fortresses along the border have mysteriously been abandoned, and the three-hundred men of Trajinots garrison have been impaled outside the city walls, word is, the Lich Lord is on the move again. As an army of the dead waits within the shadow-black trees of the Schwarzwald, the Templum gathers its troops for war. Captain Deacon Shader leads the Seventh Horse, a heavy cavalry troop now deemed obsolete. One charge, one chance is their motto. Time it right, and the tide of any battle can be turned; get it wrong, and it could all be over. When the two forces face off outside the walls of Trajinot, it is not just the hordes of undeath the Templum must fight. Intangible terror poisons the air, driving seasoned warriors to panic. Only the Elect knights of the Seventh Horse have the discipline to stand their ground; yet facing a fear doesnt mean it will do you no harm, and for Shader, there are worse things than wounds of the flesh. The Seventh Horse is the second Shader Origins novella (the first is Ward of the Philosopher). The Origins novellas provide an introduction to the bestselling Shader series: 1. Sword of the Archon 2. Best Laid Plans 3. The Unweaving
