

## Down Here: A Burke Novel

For years Burke has harbored an outlaws hard love for Wolfe, the beautiful, driven former sex-crimes prosecutor who was fired for refusing to go along to get along. So when Wolfe is arrested for the attempted murder of John Anson Wycek, a vicious rapist she once prosecuted, Burke deals himself in. That means putting together a distrustful alliance between his underground family of choice, Wolfes private network, and a rogue NYPD detective who has his own stake in the outcome. Burke knows that Wolfes alleged victim, although convicted only once, is actually a serial rapist. The deeper he presses, the more gaping holes he finds in the prosecutions case, but shadowy law enforcement agencies seem determined to protect Wycek at all costs, no matter who it sacrifices. Burke ups the ante by re-opening all the old cold case rape investigations, calls in a lot of markers from both sides of the law, and finally shows all the players why down here is no place for tourists.
