

Dreamwood

Lucy Darrington has no choice but to run away from boarding school. Her father, an expert on the supernatural, has been away for too long while doing research in Saarthé, a remote territory in the Pacific Northwest populated by towering redwoods, timber barons, and the Lupine people. But upon arriving, she learns her father is missing: Rumor has it he's gone in search of dreamwood, a rare tree with magical properties that just might hold the cure for the blight that's ravaging the forests of Saarthé. Determined to find her father (and possibly save Saarthé), Lucy and her vexingly stubborn friend Pete follow William Darrington's trail to the deadly woods on Devil's Thumb. As they encounter Lupine princesses, giant sea serpents, and all manner of terrifying creatures, Lucy hasn't reckoned that the dreamwood itself might be the greatest threat of all.
