

# The Whole Gospel Participants Guide with DVD: Revisiting Our Message to the World (Q Group Studies)

Pack containing one softcover guide and one DVD. Q Studies are a new, yet historical way to explore issues of faith and culture in the context of an action-oriented, group-learning environment. Based off of the Society Room movement of the late 1600s in England-small gatherings of leaders would convene, dialogue, learn and work together to renew their culture. Q studies are based on this rich history and designed to challenge participants innermost beliefs and preconceived ideas about life, faith, the world and their cultural responsibility. These five-session DVD studies will guide your group to examine your beliefs, change your paradigm, and take action.
