

## Edge of Battle

Violence and tensions along the US-Mexican border have never been higher, sparked by battles between rival drug lords and an increased flow of illegal migrants. To combat the threat, the United States has executed Operation Rampart: a controversial test base in southern California run by Major Jason Richter and TALON, his high-tech special operations unit. Their success is threatened by a drug kingpin and migrant smuggler named Ernesto Fuerza. In the guise of Mexican nationalist Commander Veracruz, he causes a storm of controversy on both sides of the border, calling for a revolution to take back the northernmost Mexican states, the Southwest United States. His real intention is to make it easier to import illegal drugs across the border. Soon Richter and his force are reassigned to the FBI to take on a deadly mission that will bring him face-to-face with Fuerza and set off a wave of bloodshed that threatens to become an all-out guerrilla war. Lurking behind Fuerza is Richters nemesis, former Soviet nuclear forces commander turned terror mastermind Yegor Zakharov, who is set on revenge to the very end. In Edge of Battle, best-selling author Dale Brown stays a step ahead of world events. Don't miss this sensational ride!
