

## Women and Power: The Case for Parity

Its already passe to ask if parity is important for todays Canada. Whats needed now is to ask how we can make sure more women run for office and that theyre well-represented in government. There are no easy answers to this, but its clear that half-measures just wont do. Pascale Navarro argues that quotas are essential for women to achieve parity with men in politics. Over a hundred other nations worldwide have already established parity as a goal. What are we waiting for?
