

From Manassas to Appomattox : Memoirs of the Civil War in America [Illustrated Edition]

Includes Civil War Map and Illustrations Pack 224 battle plans, campaign maps and detailed analyses of actions spanning the entire period of hostilities. For a comprehensive, readable, insightful account of the Civil War from one of its most important and controversial generals, few contemporary memoirs match the power and detail of Longstreets From Manassas to Appomattox. The reputation of Confederate General James Longstreetsecond-in-command to and intimate friend of Robert E. Leeas undergone dramatic swings over the course of history. Revered by his men and respected by his fellow officers during the American Civil War, Longstreet became one of the Confederacys most visible scapegoats shortly after the wars end. From Manassas to Appomattox is Longstreets memoir of the war. He recounts his participation in some of its most important battlesManassas, Antietam, Chickamauga, and, most significantly from the standpoint of his reputation, Gettysburg. While some have argued that Longstreet did not comply efficiently with Robert E. Lees orders at Gettysburg, historians have concluded that the primary responsibility for the Confederate defeat on the Pennsylvania battlefield lies with Lee. Longstreets memoir covers the full range of his life and wartime experiences, from his early years as a boy in the antebellum south to his appointment as a cadet at West Point to his command of troops in the Mexican War. He devotes a full chapter to an assessment of his friend and commander Robert E. Lee and nearly four chapters to the Battle of Gettysburg. He details disagreements with his fellow officers and offers appraisals of his Union counterparts. He frankly recounts how he considered offering his relief from service on more than one occasion. And, of course, Longstreet offers his perspective on the Confederate surrender to Union forces at Appomattox

Court House, Virginia, in April 1865. For a comprehensive, readable, insightful account of the Civil War from one of its most important and controversial generals, few contemporary memoirs match the power and detail of Longstreets From Manassas to Appomattox.-Print Edition
