

Ghost Country

They came from different worlds and met in a time of crisis for each of them: Luisa, a former diva brought low by alcohol and delusion, Mara, a furious nineteen-year-old searching for her mother and her truths. Madeleine, a homeless woman who sees the blood of the Virgin Mary seeping through concrete under a luxury Chicago hotel. Hector, an idealistic young doctor struggling to give hope to the city's dispossessed. They are the men and women of Ghost Country.
