

Larry Bonds First Team

The New York Times best-selling author of spellbinding thrillers, Larry Bond has won widespread praise for both the gritty authenticity of his military-political adventures and his matchless talent at generating edge-of-your-seat suspense. Now Bond launches an exciting new series that rockets straight from the cutting edge of Americas war on terror. Officially designated the Joint Services Special Demands Project, the Team is a unique unit with an almost unlimited budget, authorized to acquire vital intelligence and take immediate action, with the field officer calling the shots. A quantity of radioactive waste being shipped across the former Soviet Union has gone missing. In the wrong hands the stolen material could be used to create a dirty bomb capable of killing thousands and rendering any American city uninhabitable for centuries. The clock is ticking, though the Team doesnt know it yet. Their unseen enemy has already chosen a target, the island paradise of Honolulu. Larry Bonds First Team is a fast-paced thriller by one of Americas masters of international suspense.
