

## John Calvins Commentaries On Isaiah 1- 16

Calvin produced commentaries on most of the books of the Bible. His commentaries cover the larger part of the Old Testament, and all of the new excepting Second and Third John and the Apocalypse. His commentaries and lectures stand in the front rank of Biblical interpretation. All who take delight in the Holy Scriptures are familiarly acquainted with the writings of The Prophet Isaiah. Every variety of taste finds in them its appropriate gratification. Lofty conceptions, illustrated by splendid imagery, and clothed in language usually copious and flowing, some times abrupt, but always graceful, leave no room for hesitation to pronounce him, with Bishop Lowth, to be the most sublime and elegant of the Prophets of the Old Testament. He is regarded with peculiar veneration as an honest, fearless, and able messenger of the Most High God, boldly reprovng nobles and monarchs, denouncing the judgments of Heaven against all transgressors, and asserting the claims of the Divine law and government above all human authority. In his Prophecies he takes a wide range, surveys those nations which power or wealth or learning or commerce had raised to the highest celebrity in those remote times, and describes their rise and fall, and wonderful revolutions, so eagerly traced lay us in the page of history, as the execution of Jehovahs counsels, and the arrangements of unerring wisdom But chiefly does he pour out rich instruction concerning the Messiah, whose life and sufferings, and death and glorious reign, he delineates so faithfully, and with such thrilling interest, that he has obtained the appellation of The Evangelical Prophet.
