

Ruskins politics

Ruskin. If you go round this Exhibition, you will find several portraits exhibited as portraits of Ruskin ;but it is surprising what a number of other people they are portraits of. Somewhere behind me on that wall, there is a bronze dish; and on that bronze a portrait of Ruskin in profile. That is one of the most remarkable portraits in the Exhibition, because whatever its merits may be as a portrait of Ruskin and probably some of you will have said on seeing it, That is not very like the Ruskin we are familiar with, it is not at all a bad portrait of Mozart. Almost ail the genuine portraits of Mozart are profiles. No doubt some of you have been taken in by the usual music-shop portrait of a handsome young nobleman who was a contemporary of Mozart.(Typographical errors above are due to OCR software and dont occur in the book.)About the Publisher Forgotten Books is a publisher of historical writings, such as: Philosophy, Classics, Science, Religion, History, Folklore and Mythology.Forgotten Books Classic Reprint Series utilizes the latest technology to regenerate facsimiles of historically important writings.
