

Kittens Can Kill: A Pru Marlowe Pet Noir

The dead dont keep pets. So when animal behaviorist expert Pru Marlowe gets a call about a kitten, she doesnt expect to find the cuddly creature playing beside the cooling body of prominent Beauville lawyer David Canaday. Heart attack? His three adult daughters angrily blame drug interactions, feline allergies?and each other. And begin to feud over their father, his considerable estate, and that cute ball of fluff. While the cause of death is pending, each sister has an axe to grind?with arguments that escalate when Davids partner reads out the will.Prus special sensitivity to animals, which caused her to flee the cacophony of Manhattan for the quiet Berkshires, adds further problems. The local vet is overwhelmed as the animal hospitals money runs out. Theres a needy Sheltie and some invasive squirrels, too. But the dead mans kitten, his former partner, and his troublesome family keep drawing wild-girl animal psychic Pru back in. Despite the wry observations of her trusty tabby Wallis, now the wrongfully accused kittens guardian, and the grudging compliance of her cop lover, this may be one time when Pru cant solve the mystery or save the kitten she wants to believe is innocent. A single witness knows the truth about that bright spring morning. How far can Pru investigate without risking her own hidden tale?
