

# Study Guide with Student Test Packet, Volume I for Kleiner/Mamiyas Gardners Art through the Ages: A Global History, Volume I, 13th

This study tool focuses on critical analysis of the subject through a workbook section including discussion, maps, timeline, and essay and multiple-choice questions. To enhance student learning and provide more practical application of information, there are three self-quizzes that cover each chapter of the text. The tests consist of multiple-choice, short-answer, and image-identification questions. Complete answers and page references are located at the end of the guide. Now split so as to better pair with the textbook volumes, the Study Guide will help the students not only remember the information presented in each chapter but also process it on a higher level.
