

Local Government in the United Kingdom: Fourth Edition (Government Beyond the Centre)

Over recent years changes in British local government have been greater and faster than ever: elected mayors and cabinets, overview and scrutiny, best value, comprehensive performance assessment, council tax capping and reform--the pace never slackens. This comprehensively revised fourth edition of the leading local government textbook evaluates these changes and provides an informed insight into Labour's third-term agenda. With its clear, accessible style, *Local Government in the United Kingdom* will remain essential reading for students, practitioners, and anyone generally interested in local politics.
