

The Initiate (Cloud Prophet Trilogy Series)

From USA Today bestselling author Megg Jensen comes a short story prequel tying together two of her most popular series, Cloud Prophet Trilogy and The Swarm Trilogy. Before Anathema... Before Sleepers... There was The Initiate. Over a thousand years ago, the gods left Elohs people and took their magic with them. To win back their favor, her people sacrifice ten female initiates every ten years. No has ever survived. There has never been a Chosen One. Forced into becoming an initiate, Elo will try to find a way to beat the odds, stay with her boyfriend, and survive the fires that threaten to consume her. But will her lack of faith in the gods and her disbelief in their magic doom her to a painful death? The Initiate is a novelette that bridges the bestselling Cloud Prophet Trilogy (Anathema, Oubliette, and Severed) and The Swarm Trilogy (Sleepers, Afterlife, The Sundering).
