He also considered that the fare which rendered the body slender would be more conducive to increasing its stature, than that which expanded it with nutriment. 6. Yet that the boys might not suffer too much from hunger, Lycurgus, though he did not allow them to take what they wanted without trouble, gave them liberty to steal certain things to relieve the cravings of nature; and he made it honourable to steal as many cheeses as possible.1 7. That he did not give them leave to form schemes for getting food because he was at a loss what to allot them, I suppose no one is ignorant; as it is evident that he who designs to steal must be wakeful during the night, and use deceit, and lay plots; and, if he would gain anything of consequence, must employ spies. All these things, therefore, it is plain that he taught the children from a desire to render them more dexterous in securing provisions, and better qualified for warfare. s. Some one may say, Why, then, if he thought it honourable to steal, did he inflict a great number of stripes on him who was caught in the fact? I answer, that in other things which men teach, they punish him who does not follow his instructions
