

The Adventures of Sherlock Holmes (Hikers Digest) (Volume 1)

In the world of today's ultralight hikers, bringing reading material with you on the trail can often be more trouble than its worth. You're forced to decide between electronic devices that are constantly in peril from the elements and have limited battery life or books of varying sizes; few of which fit neatly into your backpack. The Hikers Digest Series was designed to help solve this problem. These books are small at only 5 x 8 inches and light weight at slightly over 100 pages in length. The stories are chosen specifically to fit this format. Longer books are split into multiple volumes rather than being abridged so there's no need to rip them in half and destroy them. Volume One contains the first four stories from Sir Arthur Conan Doyle's *The Adventures of Sherlock Holmes*; *A Scandal in Bohemia*, *The Red-Headed League*, *A Case of Identity*, *The Boscombe Valley Mystery*. Volumes Two and Three complete the series.
