

The Prose Works of Jonathan Swift, D.D., Vol. 3 (Classic Reprint)

Excerpt from The Prose Works of Jonathan Swift, D.D., Vol. 3 The inquiry into the religious thought of the eighteenth century forms one of the most interesting subject for western nations. It is true, that in that history Swift takes no special or distinguished part; but he forms a figure of peculiar interest in a special circle of his own. Swift had no natural bent for the ministry of a church; his instincts, his temperament, his intellect, were of that order which fitted him for leadership and administration. He was a born magistrate and commander of men. It is, therefore, one of the finest compliments we can pay Swift to say, that no more faithful, no more devoted, no stauncher servant has that Church possessed; for we must remember the proud and haughty temper which attempted to content itself with the humdrum duties of a parish life. Swift entered the service of that Church at a time when its need for such a man was great; and in spite of its disdain of his worth, in spite of its failure to recognize and acknowledge his transcendent qualities, he never forgot his oath, and never shook in his alliance. To any one, however, who reads carefully his sermons, his Thoughts on Religion, and his Letter to a Young Clergyman, there comes a question - whether, for his innermost conscience. Swift found a satisfying conviction in the doctrines of Christianity. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at www.forgottenbooks.com This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of

imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.
