

Nightshades (Nameless Detective Book 12)

Pronzini is a pro. The New York Times When Great Western Insurance hires the Nameless Detective to investigate an accidental death in a small northern California town, it looks like a routine case one he expects to solve swiftly so he and his lady friend, Kerry Wade, can take a much needed vacation. But no such luck. Nameless lands in the middle of a violent conflict between a group of greedy land developers and the handful of citizens who inhabit an isolated Gold Rush ghost town. The triumvirate of successful realtors plan to renovate Musket Creek (nee Ragged-Ass Gulch), and bring back its glory days as a Gold Rush boomtown this time in the guise of a theme-style amusement park. The town denizens have different ideas. Stark, desolate, crumbling this is double-dealing, arson, and murder. It's a classic showdown with death thrown in as the twist. The twelfth installment in the thrilling Nameless Detective series.
