

# Phaedrus

It's a hot day in Athens. Young Phaedrus sits down with Socrates in the shadow of a big tree to talk about love. In one of history's most epic tongue battles, the philosopher convincingly presents his case for what kind of man the boy should choose for a lover. Originally written down by Plato around 370 BCE, Phaedrus is a Classical blockbuster of crucial importance to our times. This limited edition, with a print run of 500 copies, features a brushed up English translation and a new cover illustration, printed on glossy paper to fully reflect the striking content.
