

## Point of View (Writing Lessons from the Front Book 3)

Unlocking the mystery behind POINT OF VIEW. Why is point of view important to a novelist, and how can we make sure we're using it correctly? Which serves the story better--first person, third person, omniscient, or the quirky second? Using thirty years of writing experience, Angela Hunt presents a brief lesson on point of view that should answer all your questions in practical, simple terms. You don't need an entire book to understand it--you only need these thirty pages. Enjoy this writing lesson for a fraction of the cost of attending one of Angela's writing classes--your writing will never be the same.
