Publishing Tips: Weekly Strategies for the Independent Writer, specifies the finer points of publishing as they relate to writing, editing, publishing, having a website and marketing. Clear, concise and helpful, Publishing Tips mirrors the dilettante role of every independent writer, that CEO of one who dreams, creates, and releases his or her work into the world. Publishing Tips follows on the heels of Composition: A Fiction Writers Guide for the 21st Century, Ms. Lavid's first book on creative writing and publishing. Consider my first book, Composition, the little black dress, and Publishing Tips, the string of pearls; one a basic, the other an eye-popping accessory.
