

Selected Sermons from the Pastoral Epistles

THE 1831 ADVERTISEMENT - In offering this selection of Sermons to the publick, the publisher has not been governed by Sectarian principles, but has selected Sermons upon various subjects, that the reader may understand the general doctrine held forth by this eminent divine. Calvins Sermons were translated and published in England, about the year 1580; since which date we have no account of an edition having been published. In consequence of the imperfection of the English Language when these Sermons were formerly published, it was found necessary to revise them, and correct the language; but in so doing, particular care has been taken to preserve precisely the original meaning.
