

Hunter Of The Horde: The Broken Key #2

Riyan, Chad, and Bart continue their quest with the aid of their newfound companion, Kevik. Recently bereft of his master, Kevik struggles on his own to learn his craft and to put the appellation of Apprentice behind him. Though lacking in confidence, his ability to creatively utilize what few spells he has mastered comes in handy time and again. What they feared most has come to pass. Rumors have begun to spread that they have found the Kings Horde. Now the rumor has reached the ears of one who will stop at nothing to discover what they know.

The second installment of The Broken Key Trilogy continues to follow the four friends in their search for the final two segments of the Key which they believe will unlock the fabled Kings Horde. Through the words of an aged tome hidden in a long forgotten room, and the recollections of a madman, they set out for where they believe another of the segments lies hidden.
