

Snow White And The Seven Samurai

Once upon a time (or last Thursday, as its known in this matrix) everything was fine: Humpty Dumpty sat on his wall, Jack and Jill went about their lawful business, the Big Bad Wolf did what big bad wolves do, and the wicked queen plotted murder most foul. But the humans hacked, cried havoc, shut down the wicked queens system (mirrors 3.1) and corrupted her database - and suddenly everything was not fine at all. But at least we know that theyll all live happily ever after. Dont we? Computers and fairy tales collide to hilarious effect in the latest sparkling cocktail of mayhem, wit and wonder from the master of comic fantasy.
