

Ed Rosenthals Big Buds 2005 Calendar

For pot lovers and growers who appreciate the source as well as the product, this calendar contains full-color photographs of lush green plants accompanied by sidebars and thumbnail pictures outlining each variety's characteristics, cultivation preferences, typical yield, genetic history, and sensory effects. In addition to standard holidays, every month highlights significant dates in marijuana history and culture. The photographs were taken by Ed Rosenthal, Andre Grossmann, and Pete Brady.
