

Shadow Blood: Kallens Tale: Book 4.5 of The Witch Fairy Series (Volume 4)

Xandra has been acting strangely since coming back from the Shadow realm and Kallen is not sure what to do about it. Torn between his passion and his conscience, he needs to get to the bottom of whatever is going on before his world flips upside down and he loses the most important thing in his life. Xandra. ***** Reader Message ***** Shadow Blood: Kallens Tale is meant to be read after Shadow Blood. This is a companion book that gives the reader a look into Kallens mind as he and Xandra face the repercussions of her travelling to the Shadow realm. In an effort to avoid as much redundancy as possible, I have condensed some scenes, focusing less on Xandra and more on Kallen. This could cause confusion if this book is read before Shadow Blood. I hope you enjoy this look into Kallens world.
