

The Complete Works of Charles Spurgeon: Volume 74, Lectures to My Students Volume 2

Charles Spurgeon (19 June 1834 – 31 January 1892) is one of the church's most famous preachers and Christianity's foremost prolific writers. Called the Prince of Preachers, he was one of England's most notable ministers for most of the second half of the nineteenth century, and he still remains highly influential among Christians of different denominations today. His sermons have spread all over the world, and his many printed works have been cherished classics for decades. Spurgeon preached to more than 10 million people in his lifetime and many times each week. For 38 years in London he was the pastor of the congregation of the New Park Street Chapel later known as Metropolitan Tabernacle. He was a prolific writer and produced many kinds of works including sermons, commentaries, and autobiography, as well as books on prayer, devotionals, magazines, poetry, hymns and much more. His ability to speak and provoke thought with divine inspiration has amazed audiences in his lifetime as well as now. Spurgeon's messages have been considered the best literature worldwide. While he is most remembered for being a minister and having a church, his most powerful influence was that he exercised on his fellow ministers and theological students. He organized a college, trained approximately 850 students, spoke at an annual conference of ministers, and looked at this as just part of life's labour and delight and these facts are not known as well today. These lectures are filled with down-to-earth practical points and advice for young ministers. His sense of humor seasons his lectures with an air of refreshment that cannot be found elsewhere. Spurgeon's *Lectures to my Students*, contains the substance of Spurgeon's regular Friday afternoon addresses to the college students.
