Mark Horne helps us better appreciate this gospels goals, by highlighting features not immediately apparent to the modern eye. Horne uses its Old Testament and first-century context to point out the typological roles that Jesus, John, and the disciples fulfill as the new leaders of their nation, a period when the old Israel was both restored and redefined. He shows the gospels intricate structures of miracle cycles and other events that bring out the major themes of calling and restoration, all playing into the kingship and triumph of Christ.
