

# The Illustrated Guide to Aircraft Carriers of the World: Featuring over 170 aircraft carriers with 500 identification photographs

This impressive encyclopedia is both a fascinating history of the aircraft carriers development and a comprehensive visual directory of more than 170 of the worlds aviation ships over nearly a century. With magnificent illustrations and up-to-date information, this book provides both enthusiasts and historians with key information about the worlds aircraft carriers, and is essential reference for everyone interested in naval aviation.
