

The Moonstone: A Mystery Trilogy

Three mysteries by Wilkie Collins are in this Kindle ebook: The Moonstone (the first detective story written in English); Dead Secret & Hide and Seek The Moonstone (1868) Rachel inherits The Moonstone diamond. It is soon stolen, however, and a complex plot unfolds to identify the thief. The Moonstone is considered to be one of the first detective stories in the English language and Wilkie Collins's best novel. Dead Secret This page-turner involves a deathbed confession involving Rosamund, the illegitimate daughter of a servant who has been passed off as the daughter of actress Mrs Treverton of Porthgenna Tower. Hide and Seek Mary Grice is seduced by Arthur Carr, who soon leaves on business. His letters are intercepted by Mary's sister, who considers him socially inferior. Mary soon finds herself pregnant and driven out of her home, but that is just the start of this tale. About The Author British author William Wilkie Collins (1824–1889) was an English novelist whose best-known works include The Woman in White and The Moonstone.
