

The National Trails: Complete Guide to Britains National Trails (Cicerone Guides)

Inspirational guidebook to Britains National Trails - 19 long-distance walking routes through England, Wales and Scotland. Together, these routes (National Trails in England and Wales and Scotlands Great Trails) cover well over 3100 miles (5000km), exploring the rich scenic and historic countryside of Britain. This larger-format guide explores the full breadth of the network, including the popular South West Coast Path, Hadrians Wall Path, West Highland Way, Cotswold Way, Offas Dyke Path, South Downs Way, Southern Upland Way and many others exploring the beauty and wild country of the British Isles. Outline schedules for each Trail allow you compare the routes and become inspired to take up the challenge, whether on a relatively short or easy trail, or to tackle a longer, more strenuous route. Basic day-by-day route descriptions for each Trail are illustrated with maps and profiles. Information is provided on access to and from the routes, maps, public transport, guidebooks, TICs, accommodation and useful websites.
