

EUROPEAN HAND FIREARMS - OF THE SIXTEENTH, SEVENTEENTH AND EIGHTEENTH CENTURIES - WITH, A TREATISE ON SCOTTISH HAND FIREARMS

European Hand Firearms of the 16th, 17th & 18th Centuries. A sumptuous work of reference dealing with pistols, flintlocks, sporting guns, powder flasks, with the barrels, locks, and furnishings of the finest weapons of what was unquestionably the finest period for firearms from the connoisseurs point of view. This volume is lavishly illustrated from examples in the authors private collections, which have not been reproduced elsewhere. As specialists with an unequalled knowledge of their subject, the authors have achieved an outstanding detailed and informative study both of the mechanism and the artistic embellishment of the weapons described; the book is a necessity to every collector and amateur of firearms. ** THE EDITION OF THIS BOOK IS LIMITED TO 750 COPIES.
