

The Republic

Written nearly 2,400 years ago, the words of Plato still resound today. Mentored by Socrates, this Greek philosopher is responsible for Western philosophy as we know it today. This book explores the idea of the perfect person, in the perfect community, asking, what is goodness, reality, and knowledge, and exploring the nature of justice, politics, education, art and life itself. Join us for Platos masterpiece, one of the most widely read books in the world.
