

The Sacred Echo

The Sacred Echo challenges listeners not to listen for the seemingly distant voice of God as much as to listen for the echo. When God really wants to get your attention, he doesn't just say something once, he echoes. He speaks through a Sunday sermon, a chance conversation with a friend the next day, and even a random email. The same theme, idea, impression, or lesson will repeat itself in surprising and unexpected ways until you realize that maybe, just maybe, God is at work. As God's voice echoes to us, we are invited to echo back to him in prayer. We are invited to be persistent and tenacious not only in the things we ask but also in our desire for a relationship with him.
