

# The Second World War Experience Volume 3: Turning of the Tide 1942-44

After years of losses, the tide finally turns beginning in Russia with the epic battle for Stalingrad and the German retreat. Then, in Africa, the Allied armies defeat Rommels Afrika Korps. On mainland Europe, the Allies finally gain significant ground with the invasion of Italy and that countys eventual surrender. Rare facsimile documents include General Montgomerys orders for the Battle of El Alamein and Stalins notes for his speech following the Red Armys victory at Stalingrad.
