

Jonah and the Very Big Fish (5 Minute Bible Stories)

These new board books are designed to be read each night to a young child in 5 minutes, before they go to bed. The stories are the most known Bible stories that children will be taught in Bible study classes, and these editions will introduce the very young child to the characters well before they are ready to attend class. The bright illustrations will keep the child interested while the parent reads to them each night. Along with the other board book series published by Flower Pot Press, parents will enjoy knowing that their young children are being exposed to Gods message at a very early age.
