

The Truth about Writing: An essential handbook for novelists, playwrights, and screenwriters

Here at last is a book that tells writers how to survive and prosper in the mad worlds of publishing, theatre, television, and film. Michael Allen can draw on over fifty years of experience as a writer and publisher. In this hard-hitting and sometimes controversial book he tells writers the truth, the whole truth, and nothing but the truth no matter how uncomfortable that may sometimes be. Its going to help a lot of writers to think clearly about their craft and what they expect to accomplish. Tim Bete, Director, Erma Bombecks Writers Workshop
