

Themes to Inspire (Dynamic Learning)

This innovative course gives you the flexibility to deliver Key Stage 3 Religious Education however you want - both thematically and/or by religion. InspiRE comprises two parallel sets of books: Themes to InspiRE, three books (one for each year of Key Stage 3) that cover the non-statutory Programme of Study for Religious Education through an exploration of thematic issues and concepts. Religions to InspiRE, seven by religion books that exemplify the themes and expand them from the points of view of the major religions of the UK. Each book is supported by an accompanying Teachers Resource Book. Each title: - Contains a series of lessons in three major themes - each with a big assignment at the end which allows you to assess pupils progress against the eight level scale - Engages all your pupils in their learning and enable them to progress with differentiated pupil centered activities and variety of stimulus material for each lesson - Helps you teach, plan and assess learning whether you are a non-specialist or a time-strapped Religious Education teacher. Themes to Inspire Book 2 This title explores concepts like: Is there a purpose to life? How do people celebrate? Do humans have rights? and Are we responsible for planet Earth?
