

We Are NOT Charlie Hebdo!: Free Thinkers Question the French 9/11

A breakthrough in the study of State Crimes Against Democracy. - David Ray Griffin, author of 9/11 Ten Years Later: When State Crimes Against Democracy Succeed, and Unprecedented: Can Civilization Survive the CO2 Crisis? Today's Western governments and mainstream media are not trustworthy. If you want the truth, you need to read books like this. Paul Hellyer, former Canadian Secretary of Defense, author of The Money Mafia: A World in Crisis A necessary set of challenging responses to the Islamophobic manipulation of the Charlie Hebdo incident, suggesting the urgent relevance of dissent and suspicion in response to official versions of controversial events. Richard Falk, Prof. Emeritus of International Law, Princeton University Only one version of the Charlie Hebdo affair made the mainstream media: Muslim extremists kill cartoonists and Jews. An officially-orchestrated response - je suis Charlie - followed. But is there another side to the story? Disturbing facts quickly emerged. Politicians, big media, the security industry, and arms manufacturers all rushed to cash in. And freedom of speech in France the supposed target of the terrorists was rolled back by the French government. Even as millions marched for Charlie, millions more sensed that something was very, very wrong. In We Are Not Charlie Hebdo, twenty-one leading public intellectuals refuse the invitation to identify with Je Suis Charlie. Jews, Muslims, Christians, Protestants, Catholics, atheists, people of the left and right, progressives and traditionalists, people from many different countries and ethnicities all have united to say we are NOT Charlie Hebdo. Most suspect the whole affair was a false flag operation or psy-op. (Evidence for that interpretation is presented in the book.) Others merely dissent from the official, mythic false consensus. If you question what

governments tell you if you doubt the mainstream media version of events if you are NOT Charlie Hebdo then this book is for you.
