Reading Colin Flaherty's book made it painfully clear to me that the magnitude of this problem is even greater than I had discovered from my own research. He documents both the race riots and the media and political evasions in dozens of cities across America. Thomas Sowell National Review Colin Flaherty has done more reporting than any other journalist on what appears to be a nationwide trend of skyrocketing black-on-white crime, violence and abuse. WND.com World Net Daily This is an important book. You must read White Girl Bleed a Lot. Rev. Jesse Lee Peterson Syndicated radio talk show host Milt Rosenberg, WGN: My compliments to Colin Flaherty for White Girl Bleed a Lot. A very interesting book that points out an important problem that needs to be confronted. John Derbyshire: Whats happening, as the book makes indisputably clear is, first, black mob violence against nonblack persons and property, and second, appalling indifference, denial, and cover-up by police and the media. Impeccably and carefully documented. Houston Examiner This is what makes the book White Girl Bleed a Lot, by award-winning author Colin Flaherty, such an astonishing read. It thoroughly documents what is nothing less than the modern rise of the race riot in America: dozens upon dozens of dozens of events with a clear racial component, many of them black-on-white or black-on-other-race assaults punctuated by blatantly racist hate speech. What makes it even more astonishing, though, is the prevalence of officials brushing over or covering up the truth. Global Geopolitics Important. WFLA radio Must read. Sevier County News. For the first time a new book breaks the code of silence and reveals the

explosion of racial violence in more than 50 cities since 2010. Savannah Morning News
